GLOSSARY

Adjustments Budgets – Prescribed in section 28 of the Municipal Finance Management Act. It is the formal means by which a municipality may revise its budget during a financial year.

Allocations - Money received from Provincial or National Government or other municipalities.

AFS - Annual Financial Statements

Budget – The financial plan of a municipality.

Budget related policy – Policy of a municipality affecting or affected by the budget.

Capital Expenditure – Spending on municipal assets such as land, buildings, distribution networks, treatment plants and vehicles. Any capital expenditure must be reflected as an asset on a municipality's balance sheet.

Cash Flow Statement – A statement showing when actual cash will be received and spent by the Municipality, and the month end balances of cash and short term investments. Cash receipts and payments do not always coincide with budgeted income and expenditure timings. For example, when an invoice is received by the Municipality it is shown as expenditure in the month that the services or goods are received, even though it may not be paid in the same period.

CFO – Chief Financial Officer / Director: Finance

DORA – Division of Revenue Act. An annual piece of legislation indicating the allocations from National Government to Local Government.

Equitable Share – A general grant paid to municipalities. It is predominantly targeted to assist with free basic services.

Fruitless and wasteful expenditure – Expenditure that was made in vain and would have been avoided had reasonable care been exercised.

GDFI - Gross Domestic Fixed Investment

GFS – Government Finance Statistics. An internationally recognised classification system that facilitates comparisons between municipalities.

GRAP – Generally Recognized Accounting Practice. The new standard for municipal accounting and basis upon which AFS are prepared.

IDP - Integrated Development Plan. The main strategic planning document of a municipality.

KPI's - Key Performance Indicators. Measures of service output and/or outcome.

MFMA – Municipal Finance Management Act (No 53 of 2003). The principle piece of legislation relating to municipal financial management.

MIG - Municipal Infrastructure Grant

MPRA – Municipal Property Rates Act (No 6 of 2004).

MTREF – Medium Term Revenue and Expenditure Framework as prescribed by the MFMA sets out indicative revenue and projected expenditure for the budget year plus two outer financial years to determine the affordability level. Also includes details of the previous three years and current years' financial position.

NT - National Treasury

Net Assets – Net assets are the residual interest in the assets of the entity after deducting all its liabilities. This means the net assets of the municipality equates to the "net wealth" of the municipality, after all assets were sold/recovered and all liabilities

paid. Transactions which do not meet the definition of Revenue or Expenses, such as increases in values of Property, Plant and Equipment where there is no inflow or outflow of resources are accounted for in Net Assets.

Operating Expenditure – Spending on the day to day expenses of a municipality such as general expenses, salaries & wages and repairs & maintenance.

Rates – Local Government tax based on assessed valuation of a property. To determine the rates payable, the assessed rateable value is multiplied by the rate in the rand.

RBIG - Regional Bulk Infrastructure Grant

R&M – Repairs and maintenance on property, plant and equipment.

SCM – Supply Chain Management.

SDBIP – Service Delivery and Budget Implementation Plan. A detailed plan comprising quarterly performance targets and monthly budget estimates.

Strategic Objectives – The main priorities of a municipality as set out in the IDP Budgeted spending must contribute towards achievement of these strategic objectives.

TMA - Total Municipal Account

Unauthorised expenditure – Generally, spending without, or in excess of, an approved budget.

Virement - A transfer of budget.

Virement Policy - The policy that sets out the rules for budget transfers. Virements are normally allowed within a vote. Transfers between votes must be agreed by Council through an Adjustments Budget.

Vote – One of the main segments into which a budget is divided, usually at department level.

WM – Witzenberg Municipality

COUNCILLOR JNED KLAZEN

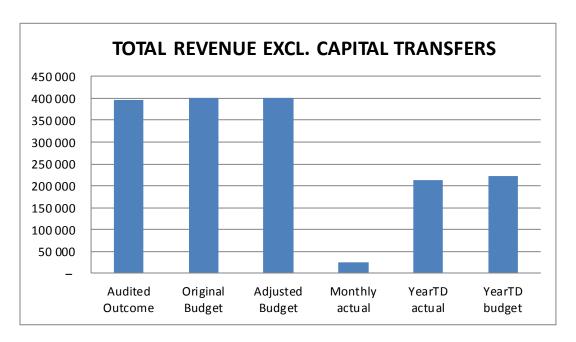

EXECUTIVE MAYOR

22 January 2015

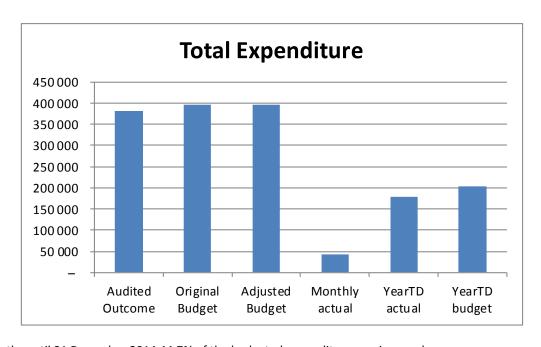

1.2 RESOLUTION

It is recommended that council take cognisance of the mid-year budget and performance assessment for the period 1 July 2014 to 31 December 2014.

1.3 EXECUTIVE SUMMARY

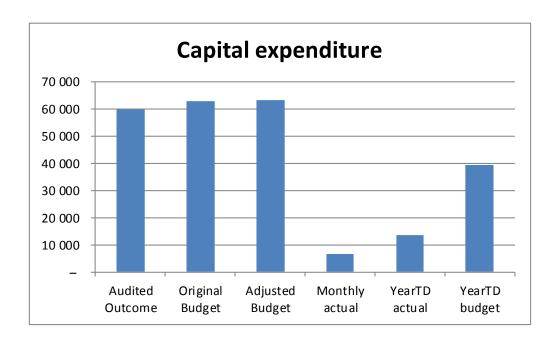

For the six months until 31 December 2014 52.7% of the budgeted revenue excluding capital transfers was levied. The rates for the full financial year were levied during July 2014. The consumption of services such as water and electricity are expected to increase during the next months due to the agricultural season.

For the six months until 31 December 2014 44.7% of the budgeted expenditure was incurred.

It is expected that the bulk purchases from Eskom will increase in the latter half of the financial year due to the agricultural season.

For the six months until 31 December 2014 21.7% of the budgeted capital expenditure was incurred.

Steps must be implemented to ensure faster spending of the capital budget.

3. SERVICE DELIVERY PERFORMANCE PLANNING

3.1 LEGISLATIVE OVERVIEW

In terms of Section 72(1)(a) and 52(d) of the Local Government Municipal Finance Management Act No. 56 of 2003 (MFMA) the Accounting Officer must by 25 January of each year assess the performance of the municipality during the first half of the financial year. A report on such assessment must in terms of Section 72(1)(b) of the MFMA be submitted to the Mayor, Provincial Treasury and National Treasury.

Once the Mayor has considered the report, it must be submitted to Council by 31 January in terms of Section 54 of the MFMA.

The Mayor approved the Top Layer SDBIP for 2014/15 in terms of Section 53(1)(c)(ii) of the Municipal Finance Management Act (MFMA), MFMA Circular No. 13 and the Budgeting and Reporting Regulation on **28 May 2014** which include the municipality's key performance indicators for 2014/15.

3.2 CREATING A CULTURE OF PERFORMANCE

A) PERFORMANCE FRAMEWORK

Regulation 7(1) of the Local Government: Municipal Planning and Performance Management Regulations, 2001 states that "A Municipality's Performance Management System entails a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organized and managed, including determining the roles of the different role players." This framework, inter alia, reflects the linkage between the IDP, Budget, SDBIP and individual and service provider performance. The municipality adopted a performance management policy framework that was approved by Council on 26 November 2009.

B) MONITORING PERFORMANCE

The municipality utilizes an electronic web based system on which KPI owners update actual performance on a monthly basis. KPI owners report on the results of the KPI by documenting the following information on the performance system:

- The actual result in terms of the target set.
- The output/outcome of achieving the KPI.
- The calculation of the actual performance reported. (If %)
- A performance comment.
- Actions to improve the performance against the target set, if the target was not achieved.
- It is the responsibility of every KPI owner to maintain a portfolio of evidence to support actual performance results updated.

The organisational performance is monitored and evaluated via the SDBIP. An operating procedure for the management and implementation of the SDBIP has been developed. The operating procedure was workshopped with the relevant kpi owners and senior management. The procedures can be summarised as follows:

- The Performance Administrator informs the relevant kpi owners, senior management and departmental secretaries of the closure date to submit actuals achieved for the preceding month. The date varies, but is usually around the 10th of each month. By this date the managers must submit their actuals achieved on the performance web based system.
- Proof of evidence is saved on the system.
- A second date is indicated whereby senior management must verify the information submitted by the manager, as well as
 the proof of evidence that confirms the information submitted. Any interventions for under-performance and/or general
 comments should be included on the system. The second closure date is usually approximately 3 days after the first closure
 date
- After the second closure date the Performance Administrator generate reports for the relevant portfolio committees, as
 well as for each directorate. The senior managers signs each of his/her directorate reports as an indication that the
 information submitted has been verified and that proof of evidence does exist for the actual performance.
- The relevant departmental secretary print the signed manager monthly report and save it on Trim, the municipal archive system.
- The monthly reports are then submitted for inclusion in the relevant Council Portfolio Committee.
- The Performance Administrator generate an overall municipal report and submit it as the monthly SDBIP report to the Municipal Manager for submission to the Mayoral Committee.

3.3 LINK TO THE IDP AND THE BUDGET

The municipality identified the following strategic objectives based on the inputs from the community in the 5 year Intergrated Development Plan (IDP):

- Create an enabling environment to attract investment & support local economy
- Ensure financial viability
- Provide & maintain facilities that make citizens feel at home
- Provide for the needs of informal settlements through improved services
- Support institutional transformation & development
- Support the poor & vulnerable through programmes & policy
- Sustainable provision & maintenance of basic infrastructure
- To maintain & strengthen relations with international- & intergovernmental partners as well as the local community through the creation of participative structures

3.4 MID-YEAR PERFORMANCE AGAINST THE PERFORMANCE INDICATORS SET IN THE APPROVED TOP LAYER SDBIP FOR 2014/15

A) OVERALL PERFORMANCE HIGHLIGHTS FOR THE MID-YEAR ENDING 31 DECEMBER 2014

- Funding to the value of R27 million was approved by the
 Department of Rural Development and Land Affairs for the
 upgrade of the bulk electricity networks to address supply
 shortcomings to new subsidised housing projects in Bella Vista and
 Vredebes, as well as to the industrial area of Schoonvlei where
 new fruit packaging industries is being constructed.
- Relations with the agricultural and business section was strengthened with several information and consultative sessions held during the period.
- which consist of almost 3 000 plots, is a major milestone, but also pose severe challenges especially in terms of bulk services requirements. The project will not only partially address the current housing backlog, but will also cater for those qualifying in terms of GAP housing as well as farmworker housing needs. It is expected that the project will run over 5 years depending on the availability of grant funding.
