RESPONSIVENESS CRITERIA

No bid will be considered by Witzenberg Municipality unless it meets the following responsiveness criteria (for the bid to be considered responsive, the bid **must** meet the following requirements):

- a) The bid must be properly received in a sealed envelope. The outside of the envelope must clearly indicate the bid title, the bid number, the name and address of the bidder and the closing date of the bid.
- b) The bid must be deposited in the relevant bid box as indicated on the notice of the bid on or before the closing date and time of the bid. **Telephonic, facsimile, electronic/ emailed and late bids will not be accepted.**
- c) An original Valid Tax Clearance Certificate must be attached to the bid document. **Bidders must indicate their pin as provided by SARS to confirm validity of their Tax Clearance Certificate. Failure to provide Tax Clearance Pin may result in your bid being disqualified. Tax Compliance Status as at date of the Bid Evaluation Committee meeting will be used for Evaluation Purposes.** Bidders who are registered on the municipality's accredited supplier database and submitted an original and valid tax clearance certificate with their application form do not need to submit it again with this bid, provided that the original tax clearance certificate will be valid at the time of bid closing. However, the onus is on the bidder to confirm this with the Supply Chain Unit.
- d) The official bid document must be fully completed in indelible ink. Where information requested does not apply to the bidder and the space is left blank, it will be deemed to be not applicable.
- e) All requested relevant and/or additional documentation such as Compliance Certificates, professional registration, artisan qualification, etc, must be submitted with the bid document.
- f) Bidders must submit a certified statement signed by the bidder declaring that the bidder has no undisputed commitments for municipal services towards a municipality or other service provider in respect of which payment is overdue for more than 30 days (Annexure A).
- g) The bidder must be in good standing to do business with the public sector in terms of Regulation 38 of the Supply Chain Management Regulations (Government Gazette 27636 of 30 May 2005).
- h) **Please note that any suspicious collusive bidding behaviour and restrictive practices by bidders will be reported to the Competition Commission for investigation and possible imposition of administrative penalties.**
- i) If the entity submitting a bid is a Joint Venture or Consortium or Partnership, each party to that formation must submit all the above information.
- j) The bidder must adhere to the Pricing Instructions. **Delivery costs must be included in the bid price and delivered to the prescribed destination.** Bidders are required to bid for all items in the pricing schedule. Failure to do so will deem the bid to be non-responsive. The quantities as indicated above in the pricing schedule are only estimated quantities, based on historical data, and will be used in order to evaluate the bid. This does not in any way guarantee the quantities required.

k) **Arithmetical Errors**

Responsive bids will be checked for arithmetical errors and corrected in the following manner:

- i) Where there is a discrepancy between the amounts in figures and words, the amounts in words shall govern.
- ii) If bills of quantities (or schedule of quantities or schedule of rates) apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.
- iii) Where there is an error in the total of the prices either as a result of other corrections required by this

checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

- l) The Bidder's details must be provided.
- m) The necessary document authorising the Representative to sign and submit the bid on the bidder's behalf must be completed and signed.
- n) The Declaration of Interests by the bidder must be completed and signed.
- o) The bid must comply with all the minimum technical specifications.
- p) The MBD 9 (prohibition of restrictive practices) must be completed and signed.
- q) Checklist at the back of the bid document must be completed and adhered to.

- a) All bids received shall be evaluated in terms of the Supply Chain Management Regulation, the Preferential Procurement Policy Framework Act no 5 of 2000 and the Preferential Procurement Regulations of 2017 that was promulgated by the Minister of Finance on 20 January 2017 in Government Gazette No 40553.
- b) The Council reserves the right to accept all, some, or none of the bids submitted — either wholly or in part — and it is not obligated to accept the lowest bid.
- c) The municipality may accept any offer notwithstanding the fact that the offer does not comply with the bid invitation in respect of which the offer has been made subject to the following:

The Accounting Officer is empowered to condone non-compliance with peremptory requirements of bids in cases where the condonation is not incompatible with public interest and promote the values of fairness, competitiveness and cost-effectiveness which are listed in Section 217 of the Constitution.

GUIDANCE DOCUMENT FOR THE CALCULATION OF LOCAL CONTENT

1. DEFINITIONS

Unless explicitly provided in this guideline, the definitions given in SATS 1286:2011 apply.

2. GENERAL

2.1. Introduction

This guideline provides tenderers with a detailed description of how to calculate local content of products (goods, services and works) by components/material/services and enables them to keep an updated record for verification requirements as per the SATS 1286:2011 Annexure A and B.

The guideline consists of two parts, namely:

- a written guideline; and
- three declarations that must be completed:
 - Declaration C: “Local Content Declaration – Summary Schedule” (see Annexure C);
 - Declaration D: “Imported Content Declaration – Supporting Schedule to Annex C” (see Annexure D); and
 - Declaration E: “Local Content Declaration – Supporting Schedule to Annex C” (see Annexure E).

The guidelines and declarations should be used by tenderers when preparing a tender. A tenderer must complete Declarations D and E, and consolidate the information on Declaration C.

Annexure C must be submitted with the tender by the closing date and time as determined by the Tender Authority. The Tender Authority reserves the right to request that Declarations D and E also be submitted.

If the tender is successful, the tenderer must continuously update Declarations C, D and E with actual values for the duration of the contract.

NOTE:

Annexure A is a note to the purchaser in SATS 1286:2011; and
Annexure B is the Local Content Declaration IN SATS 1286:2011.

2.2. What is local content?

According to SATS 1286:2011, the local content of a product is the tender price less the value of imported content, expressed as a percentage. It is, therefore, necessary to first compute the imported value of a product to determine the local content of a product.

2.3. Categories: Imported and Local Content

The tenderer must differentiate between imported content and local content.

Imported content of a product by components/material/services is separated into two categories, namely:

- products imported directly by the tenderer; and
- products imported by a third party and supplied to the tenderer.

2.3.1. Imported Content

Identify the imported content, if any, by value for products by component/material/services. In the case of components/materials/services sourced from a South African manufacturer, agent, supplier or subcontractor (i.e.

third party), obtain that information and Declaration D from the third party.

Calculate the imported content of components/materials/services to be used in the manufacture of the total quantity of the products for which the tender is to be submitted.

As stated in clause 3.2.4 of SATS 1286:2011: "If information on the origin of components, parts or materials is not available, it will be deemed to be imported content."

2.3.1.1. Imported directly by the tenderer:

When the tenderer import products directly, the onus is on the tenderer to provide evidence of any components/materials/services that were procured from a non-domestic source. The evidence should be verifiable and pertain to the tender as a whole. Typical evidence will include commercial invoices, bills of entry, etc.

When the tenderer procures imported services such as project management, design, testing, marketing, etc and makes royalty and lease payments, such payments relating to the tender must be included when calculating imported content.

2.3.1.2. Imported by a third party and supplied to the tenderer:

When the tenderer supplies components/material/services that are imported by any third party (for example, a domestic manufacturer, agent, supplier or subcontractor in the supply chain), the onus is on the tenderer to obtain verifiable evidence from the third party.

The tenderer must obtain Declaration D from all third parties for the related tender. The third party must be requested by the tenderer to continuously update Declaration D. Typical evidence of imported content will include commercial invoices, bills of entry etc.

When a third party procures imported services such as project management, design, testing, marketing etc. and makes royalty and lease payments, such payments relating to the tender must be included when calculating imported content.

2.3.1.3. Exempt Imported Content:

Exemptions, if any, are granted by the Department of Trade and Industry (**the dti**). Evidence of the exemptions must be provided and included in Annexure D.

2.3.2. Local Content

Identify and calculate the local content, by value for products by components/materials/services to be used in the manufacture of the total quantity of the products.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/ or services for purchasers who wish to acquire goods and/ or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
