#### **Explanation:**

From the above it shows that the Households are 70.74% of the outstanding amount and that the bulk is more than one year old and consists of monthly and yearly Rates, Water, and Electricity, Sewerage and Refuse services.

- Problems is being experienced to deliver accounts in areas where street names and numbers is not visible which result in no debt collection.
- It is problematic to collect debt in Prince Alfred's Hamlet and Op die Berg because we do not supply Electricity in these areas and can therefore not disconnect electricity.

#### **Verduideliking:**

Uit die bogenoemde kan gesien word dat die Huishoudings 70.74% van die uitstaande bedrag uitmaak en die meerderheid is meer as een jaar oud bestaande uit maandelikse en jaarlikse belasting, water-, elektrisiteit- en vullisverwydering dienste.

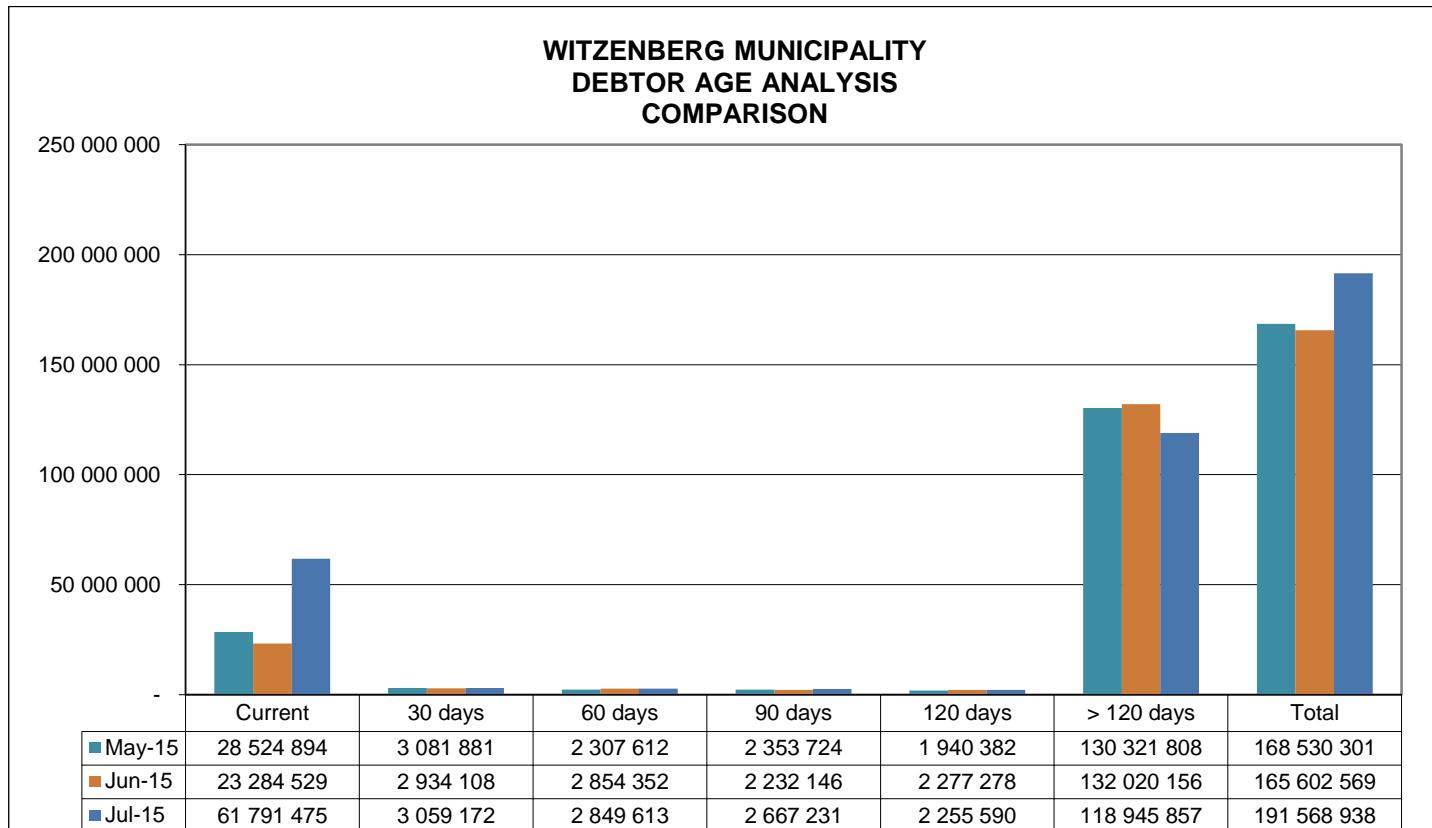

- Problematies om rekeninge te lewer in areas waar straatname en nommers nie verskyn nie en skuld dus nie gevorder kan word nie.
- Problematies om skuld te vorder in Prince Alfred's Hamlet en Op die Berg omdat ons nie die Elektrisiteit versprei nie en dus nie die elektrisiteit kan diskonneer nie.

## Property Plant & Equipment: July 2015

The Standard of GRAP 17 on Property, Plant and Equipment prescribe the accounting treatment for property, plant and equipment so that the users of financial statements can discern information about the municipality's investment in its property, plant and equipment and the changes in such investment. The principal issues in accounting for property, plant and equipment are the recognition of the assets, the determination of their carrying amounts and the depreciation charges and impairment losses to be recognised in relation to them.
