2. PERFORMANCE MANAGEMENT FRAMEWORK

2.1. It is recorded that –

2.1.1 The performance management framework utilized by the parties is a measurement tool for assessing an individual senior manager's contribution to his employer. It is the most significant component in the determination of the manager's performance bonus.

2.1.2 The basis for the measurement will be derived by the Executive Mayor from the strategic priorities of Council, as depicted in its Integrated Development Plan (IDP), Service Delivery and Budget Implementation Plan (SDBIP) and any outcomes of strategic planning sessions of Council and the senior management team.

2.2 Annexed hereto marked "A" is the Performance Scorecard ("Plan") as agreed by the parties. It identifies the strategic aims, objectives, how the achievement of these objectives is to be measured, the proposed performance targets in respect of each objective, and the weighting, on a percentage basis, given to each strategic aim and/or objective. The Performance Scorecard may consists of two key components:

2.3 2.3.1 Annexure A: Part 1: Functional Objectives in terms of the five national municipal Key Performance Areas (80% weighting) and Annexure A: Part 11: Core Competency Requirements which identify certain generic managerial competencies (20%).

2.3.2 Annexure B: Personal Development Plan if required.

3. DURATION

3.1. The Performance Agreement must be entered into for each financial year of the municipality, or part thereof.

3.2. The Performance Agreement will be deemed to have commenced on 1 July 2026 ("the commencement date") and shall govern the performance of the Municipal Manager in the period from the commencement date until 30 June 2027.

3.3. Notwithstanding the provisions of clause 3.1, the parties shall nevertheless remain bound by the provisions of this Performance Agreement until the employee has been paid his performance bonus in terms of clause 6 if allowed within the law and/or agreement.

 - 3.5. The agreement will terminate on the termination of the employee's contract of employment.
 - 3.6. If at any time during the validity of the agreement the work environment alters to the extent that the contents of the agreement are no longer appropriate, the contents may be revised by mutual agreement between the parties.

4. PERFORMANCE MANAGEMENT SYSTEM

- 4.1 The employee agrees to participate in the performance management framework or system that the employer adopts or introduces for the municipality.

- 4.4 The employee undertakes to actively focus towards the promotion and implementation of the Key Performance Areas (KPAs) (including special projects relevant to the employee's responsibilities) within the local government framework.
- 4.5 The criteria upon which the performance of the employee must be assessed consist of two components, both of which must be contained in the performance agreement. The employee must be assessed against both components, with a weighting of 80: 20 allocated to the Key Performance Areas (KPAs) and the Leadership and Core Competency Requirements (LC CRs), respectively. Each area of assessment will be weighted and will contribute a specific part to the total score. KPAs covering the main areas of work will account for 80% and CCRs will account for 20% of the final assessment.

- 4.6 The employee's assessment will be based on his or her performance in terms of the outputs/outcomes (performance indicators) identified as per the performance plan which are linked to the KPA's, which constitute 80% of the overall assessment result as per the weightings agreed to between the employer and employee.
- 4.7 The Competencies will make up the other 20% of the Employee's assessment score. The Competencies are split into two groups, leading competencies that drive strategic intent and direction and core competencies which drive the execution of the leading competencies.

5. PERFORMANCE OBJECTIVES

- 5.1 The performance plan sets out:
- (a) The performance objectives and targets that must be met by the employee;
 - (b) The time frames within which those performance objectives and targets must be met; and
